Fifth Session Scores.

## GAME A LISTLESS ONE

Beckley Opens With Double,  
Then He Fans Three Times.

Topekans Have Chance to Score  
in the Eighth Inning.

Sioux City, Aug. 31.—The Packers mauled the tourists from Topeka unmercifully on the second day of their visit, 14 to 0. They banged them out the way, totaling 15 hits, while the disconcerted tallenders made eight errors to help the roller along.

Fugate pitched for the visitors, but had nothing with which the Sioux were unacquainted. In the fifth inning they touched him for eight hits and nine runs. Added to the Cooley-sax misery was Hippo Hammond, who struck out seven men. When Jake Beckley opened the fourth with a fine two-sacker, Hippo struck out the next three men up. In the eighth the tourists made a motion as to score when Riley singled and Reilly doubled. The next three flew out to infielders, however, and the wizard Hammond had a shut out.

Isabel has sold Shortstop Danny Claire to Manager Davis of the Chicago. He will report to take the place of Clyde Williams when the latter goes to Ames to coach the football squad.

Lincoln News:—M. H. Sexton of the Rock Island, Ill., president of the National Association of Professional Baseball clubs, admits that there has

been no action from shunting the Western league from class A to class B, also that the association pledged several years ago in exchanging the Western for its battle against the American association, then an outlaw concern, to permanently retain the Western in class A. In a message to the News, Mr. Sexton, who once was president of the Western, says: "National association has taken no action whatever, probably won't until annual meeting. I believe there was some pledge, but records would show exact wording.—H. M. Sexton."

All of all of the hope goes wrong, the Antelopes should bag at least four of the seven games in Denver, while a forecast of five victories is far from unreasonable. The Antelopes are going at their best of the season. Every athlete in the lineup is in prime physical trim and the pitching staff is in grand condition. Not so with the Bears. Barney Schreiber has a lame ankle, the result of a sprain, and it has been bothering him for the past several weeks. Elman should stand at least an equal chance with the Antelopes, while Kid Harris may prove to be a stumbling block. Hagerman simply can't get started toward taking the measure of the Lincoln bunnies.

Olmsstead, ordinarily effective, was handed a most artistic beating in the opening battle of the series. Kinsella, the new twirler from St. Louis, is a sort of unknown quantity. His first effort for the Bears resulted in a defeat, the Omaha team getting to him for five runs in the ninth inning. The Antelopes and Baseball is an uncertain sport and the Bears may come back strong, but the Antelopes seem to have the edge.

By winning the double header from Lincoln, Denver cut down the Indian lead four points. The Antelopes expect to get more than half at Denver.

Denver Republican: The Western league is not apt to be reduced to class B, on the authority of certain local baseball men who are cognizant of the inside workings of the National Baseball association. According to these gentlemen who are not connected with the present management and who do not, therefore, care to have their names made public, a written agreement is spread on the minutes of the National Baseball association that while the Western league may be raised to class AA, it will never be reduced. The reason for this goes back to the time of the double between the American association and the N. B. A. At that time, as the older fans will recall, the Western league officials do wish to organize baseball at a time when it appeared almost certain that a great baseball war was inevitable by throwing their influence against the N. B. A. The resolution that the Western should always retain its class A rating was introduced as a direct result and it now stands upon the minutes of the association. These statements were substantiated in effect last night by President Tip O'Neill of the Western league in a wire to Manager Henderson. He stated that O'Neill said that the Western has not yet been reduced and that it will not be this season. His telegram goes on further but by those on the inside, it is assumed that the Western has the other facts in reserve for use should he find them necessary in order to protect his league.

## NO RECORDS BROKEN AT READVILLE.

Readville, Mass., Aug. 31.—Two American harness derbies, two minor event heats and an unsuccessful attempt by C. K. G. Billings to drive his big black gelding Ulan, better than 2:01 to a wagon, marked the opening of the grand circuit at the Readville track. Bob Douglas, a local horse, won the \$10,000 trotting derby. Allen Wilson, another Boston entry with the same handicap, captured the derby for pacers, while Ulan was beaten by 1 3/4 seconds by Old Father Time. Both the derbies were made in poor time and the officials apologized in sending Ulan over a slow track and against a heavy breeze.

Four-Year-Old Pacer a Whirlwind.  
Lexington, Ky., Aug. 31.—The Philadelphia 4-year-old pacer, owned and trained by W. A. Owens, passed a mile at the Kentucky Trotting association track here in 2:03 1/2, and repeated it in 2:03 3/4. This is said to be the fastest trial mile ever paced by a 4-year-old.

The Cooley-sax, erstwhile tourists, seem to have fallen from worthy mention Tuesday. That certainly is a disastrous day for Fugate but Hippo Hammond has a hoodoo on most every club in the league. Everybody was going to believe that Cooley had a really good team but was playing under an evil star.

Riley, the outfielder, is making good as a slugger and gradually is working his way to the front of the league hitters. He ought to be a good man to have on hand next season. Uncle Jake Beckley continues to chop the ball, and except for permitting the exiles to make eight errors Tuesday, has been making them play money-getting baseball.
